

I am very concerned about the airing of the anti-Kerry film "Stolen Honor". This film does not serve the public interest, but rather is a biased and lopsided approach to serving the public. Rich and powerful media outlets should not be allowed to use their access to influence to unfairly prejudice a presidential election.

If it is allowed to be shown, I plan to become actively engaged in seeing that Sinclair Broadcasting not be allowed to renew their license with the FCC.

Thank you for your time and consideration. Jeffrey Chilton
